## BUSINESS PACKAGE DESCRIPTIONS AND PRICING

Below is a list of the current packages for VR Guest promotional content. All content is viewable on desktop and mobile platforms.

**Discovery:** This is our base level package. Includes one 360° photo with interactive elements, which can lead users to any external links, such as social media or maps. We will provide a link to the photo viewer, an embed link for your website or blog, and the 360° photo itself.

**Price:** \$325

**Breakthrough:** This package features 360° coverage of a location with multiple photos, which is then assembled into an interactive virtual tour. Also includes traditional flat images. The content will be loaded onto a mobile tablet, which is perfect for showing your content on the go. We will provide a link to view the tour, an embed link for your website or blog, the mobile tablet, and all of the flat and 360° photos.

**Price:** \$575

**Pioneer:** Currently our most advanced package. This package includes a standalone VR headset and 3D 360° photos, which make you feel like you are really there. We will also construct an interactive virtual tour with the regular 2D 360° photos. We will provide the VR headset with all of the content, a link to view the tour, an embed link for your website or blog, and all of the 3D, flat and 360° photos.

**Price:** \$725

We also offer other services such as 3D 360° video, 2D 360° video and creating custom virtual reality lobbies. Visit our website for more information!
